

# at heart!

## What would people be surprised to learn about you?

Perhaps that I can sing. It just hasn't been a significant part of my career.

I would love to sing jazz and blues, although I'm not expecting the Emmerdale scriptwriters to come up with a storyline where Natasha starts singing in a Leeds nightclub!

## Are you like Natasha?

We both love the countryside and are interested in the rural community around us - hers is in Yorkshire, mine in Suffolk. But that's pretty

much where the similarity ends. She has three children, I don't have any.

Having kids is just not something that's occurred in my life.

## How's your future in Emmerdale?

At the moment, I'm just reading the scripts where we see the fallout from Mark's secret past.

I'm definitely in the programme until December, but what happens after that is still to be discussed.

I'm having a great time. Soaps are one of the few areas on TV which really embrace older women and I love being part of a show that does that so well.
